

**Stage 0 Feasibility
Lindberg Drive Improvements
Slidell, Louisiana
(RPC Task SL-1.17, FY-17 UPWP)
Questions about Request for Proposals/RPC Responses
January 30, 2017**

Q: Is it necessary to complete a 24-102 for the company doing the traffic counts or can they be hired as a vendor?

A: The traffic counts company will be a subconsultant so a 24-102 must be completed for them and any other subconsultants.

Q: How do we address the section used to show minimum manpower requirements?

A: Section 9b is a table in which you should list each staff member who will be assigned to this project, including their expertise (license/certification).
