

Let To Construction Project Locations FFY20 to FFY23 (RPC 2024)

Tags

Let to construction, transportation, FHWA, Regional Planning Commission

Summary

This layer illustrates transportation projects financed in part by the Federal Highway Administration (FHWA) funding sources and let to construction between the Federal Fiscal Years 2020 and 2023 (FFY20 to FFY23 are defined as occurring between calendar dates of October 1, 2019 and September 30, 2023) within the Regional Planning Commission member parishes of Jefferson, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Tammany and Tangipahoa (RPC). This layer was created as an additional product for the RPC annual Obligated Projects reporting process.

Description

Let Projects FY20 describe projects that were opened for construction bid between October 1, 2019 and September 30, 2020. Let Projects FY21 describe projects that were opened for construction bid between October 1, 2020 and September 30, 2021. Let Projects FY22 describe projects that were opened for construction bid between October 1, 2021 and September 30, 2022. Let Projects FY23 describe projects that were opened for construction bid between October 1, 2022 and September 30, 2023.

The Let Date is generally the end of the project development process and the start of the construction process.

Letting a project to bid signals that Federal, State, and/or local funding is in place and project construction is set to begin.
