Enterprise Zones, Economic Development, Louisiana

Summary

Enterprise Zones (EZ) are areas created from US 2020 Census data for the purpose of encouraging economic growth by offering income and franchise tax credits to qualified new or existing business located in Louisiana creating permanent net new full-time jobs. This dataset contains Enterprise Zones as they are defined by the Louisiana Economic Development (LED).

Description

Enterprise Zones (EZ) are areas created from US 2020 Census data for the purpose of encouraging economic growth by offering income and franchise tax credits to qualified new or existing business located in Louisiana creating permanent net new full-time jobs, and hiring at least 50% of those net new jobs from one of four targeted groups: (1) Residents living in an Enterprise Zone within the State, (2) People receiving an approved form of public assistance, (3) People lacking basic skills (a person performing below a ninth grade proficiency in reading, writing, or mathematics), or (4) People unemployable by traditional standards.
